

World domination plan

1. Develop product

- a. JRebel, planned for 2007, can save countless time now wasted on menial redeploys that can be harvested in the future to serve the overlord.
- b. LiveRebel, planned for 2011, can speed up the application release cycles enormously by establishing safety guarantees and can be repurposed to manage the empire IT infrastructure efficiently.

2. Establish base

- a. Start in Estonia, this small North European country can serve as initial base of operations.
- b. Efficient governance, fully-digital business environment and low tax rates helps to establish a resource base faster.
- c. Large forested areas are great cover for hidden factories and bunkers.
- d. When resources allow establish a foothold in USA to prepare for later expansion.

3. Recruit minions

- a. Penetrate educational facilities to indoctrinate future henchmen at an early age.
- b. Create an appearance of an attractive working environment to appeal to potential employees.
- c. Use brainworms and mind control once trial is complete and usefulness to the corporation is established.

4. Generate cash

- a. Have Research develop viruses that infect the brain and alter behavior to produce uncontrollable cravings when triggered by product design.
- b. Propaganda will distribute triggers across the web and trade shows to ensure the steady flow of customers.
- c. Enforcement will use threats and black mail to ensure that target organization complete purchases.

5. Build Giant Robots

- a. Research to design and tests 1:100 scale prototypes.
- b. Once the prototypes are deadly efficient have them increase scale.
- c. Final robots need to be at least 30m high.
- d. Produce robots on hidden factories using fully-automated

production

- i. Slave workforce is not an option due to low motivation and lack of reliability!

6. **Dominate humanity**

- a. Deploy giant robots to secure key sources of fossil fuels.
- b. Use price control as well as military and economic pressure to secure other energy sources.
- c. Use energy control for establishing a unified government under a pro-forma republican democracy.
- d. Once the countries of the world are united under single power structure subvert and control that power structure using military, political and economical pressure.
- e. Proclaim self **Emperor of the World**.
